PROFESSIONAL SUMMARY

Results-driven Angular Developer with 5+ years of experience at Tata Consultancy Services, specialising in building scalable, modular web applications. Proven expertise in Angular 11–17, TypeScript, RESTful API integration, and Agile delivery. Recognised with multiple TCS excellence and innovation awards. Strong communicator who drives knowledge sharing and cross-functional collaboration to elevate team productivity and product quality.

WORK EXPERIENCE

Angular Developer → Senior Angular Developer

Tata Consultancy Services (TCS) · Kochi & Bengaluru, India Nov 2020 – Present

- Designed and delivered responsive, cross-browser web applications using Angular 11–17, ensuring high performance and UI/UX fidelity across projects.
- Developed modular, reusable component libraries that accelerated feature delivery and improved code maintainability across multiple client engagements.
- Integrated RESTful web services with back-end systems, implementing robust error handling and data transformation pipelines.
- Maintained 80%+ code coverage through automated testing with Jasmine and Karma; enforced quality via peer code reviews.
- Collaborated with UX designers and backend engineers in Agile/Scrum teams, consistently delivering features on schedule across concurrent projects.
- Conducted knowledge-sharing sessions on Angular best practices, TypeScript patterns, and responsive design — boosting team productivity.
- Contributed to the TCS^AI Idea Igniter initiative, recognised with the TCS Innovation Award in Nov 2025.
- Worked across multiple client projects, providing technical solutions and participating in cross-functional troubleshooting.

TECHNICAL SKILLS

Angular 11–17	TypeScript	JavaScript (ES6+)	HTML5 / CSS3
RxJS	Node.js	MongoDB	RESTful APIs
Git	Jasmine / Karma	Agile / Scrum	Responsive Design
UI/UX Principles	React.js		

COMPETENCIES (TCS ASSESSED)

Digital: Angular 7 (E0)	Digital: Angular 7 (E1)	Angular 13+ (E1)	Initiative & Proactiveness (L1)
